Kids Win Big!

Kids love to win prizes. What better way to let every kid (up to age 12) have a chance to win a prize than the 'ol needle in the haystack contest.

Of course, your friendly Southwest Washington Fair has updated things a bit, there's no needle in there, thank goodness, just lots and lots of fun prizes.

First every morning, we throw in a big bucket of loose change - real money! - about \$25 dollars worth or so in pennies, nickels, dimes, and quarters. Then, we toss in handfuls of great prize coupons from local businesses - like free movie passes, free skating rink passes, and free bowling passes. Finally, we top it off with a few dozen gift coupons from McDonalds - good for free, **free** ice-cream or fries. Mix up the prizes and cover 'em up real good in the big hay pile (kids must cover their eyes for this part!).

Kids go into the hay pile one age group at a time - digging for prizes - until everybody is in on the fun. Everybody goes home with a handful of goodies!

It happens once a day, every day of the Fair, at 11:00 am in Friendlyville, under the big tent.
